

Appendix B: Project Listing

Overview

The following project listing reflects the types of transportation projects that will be programmed to address the goals and objectives of the LRTP. This list is not all inclusive. The process for updating the Transportation Improvement program has recently begun and will update the list of projects that will be implemented in the near future. Please refer to the current TIP for the actual project listing.

Project Listing

Key:

- P = Currently Programmed in a City or County CIP
- S = Currently Programmed in the state's Comprehensive Transportation Program
- J = Capacity Improvement Projects Identified by the Travel Demand Model
- X = Recommended Interchange
